City activates Business Resources Hotline

March 20, 2020-#1 (12:00 pm) - The City of Hoover has launched a Business Resources Hotline for businesses located in the City that are affected by the COVID-19 crisis.

The telephone number is (205) 739-7162. City of Hoover employees will operate the line Monday through Friday from 8:00 a.m. – 5:00 p.m.

The purpose of the hotline is for Hoover business owners to provide information to the City regarding issues they are facing related to COVID-19. City staff will collect information, work to make connections to resource providers and provide information to City officials.

The City also launched a COVID-19 Resource page on its website – <http://www.hooveralabama.gov/1053/Information-for-Businesses>. It outlines resources from local, state and federal agencies, including information from the CDC, IRS, Alabama Department of Insurance, and Alabama Department of Labor. This page, launched on Monday, March 16, is being continually updated.
